- Off Season

GAMEBREAKER is a uniquely designed performance cap. It is molded out of the finest EVA rubber foam, offering maximum protection upon impact. The hook & loop chin strap combined with adjustable laces in the back, enables the headgear to custom fit each person's head. LYCRA surrounds the outer shell, allowing air to flow throughout and prevent the player from enduring any extra heat. No more sweaty, smelly head gear. Bad odors wash right out! Gamebreaker Helmets are washable, can be custom decorated with team logo in up to 3 positions and offer 100% peripheral vision.
